Now you can remove the mystery, anxiety and expense out of many legal transactions with the online reference that puts library users in control. With *Gale LegalForms*, users have access to thousands of customizable online legal documents that are available anytime, any place. And with our straightforward interface, users will avoid hours of research and time often required to develop their own documents, and you'll save time by not having to locate all the various print legal resources contained in your holdings.

THE LAW FORMS OF LAW FIRMS

Gale LegalForms is comprehensive in the various types of legal documents made available. Our forms are "attorney forms" — officially approved forms actually used at a typical law firm, and very different from those documents found in "form books"

— generic, do-it-yourself documents that may not have been drafted by an attorney. In fact, many lawyers have used our forms for their own needs.

FROM LEGALESE TO "LEGAL-EASE"

Standard legal tasks, such as developing a will or managing an estate, may not necessitate the full services of an attorney thanks, in part, to *Gale LegalForms*. This online resource delivers everything users need to take charge of their legal affairs with confidence. No special skills or extensive knowledge of the law is required because *Gale LegalForms* offers an easy-to-use, step-by-step approach to addressing complex legal matters.

Simply locate the form that's needed by using any of the links found on the home page, download the specific form and choose the desired format (Word, WordPerfect, Text or Acrobat). Then, edit the form by entering all relevant information, complete it and print it. Completed forms can also be saved to the computer's hard drive or e-mailed to a home address. And you can rest assured the information provided is held in absolute privacy.
